AUGUST, 2022

Designed to go, Powered to perform.

## Principal speaks:

### Greetings to all Parents, teachers, and students

The bond between family and friends is a promise spoken by the heart. It is a promise renewed every time we keep in touch. So I am glad and happy to be in touch with you through our school newsletter for August 2022.

There is power in the first step and there is a wonder in the first act. Likewise, there is much potential in every child and it is our deep desire to bring out the best in each child. And as the sign and proof of our interest and endeavour, our present madhyamic students have demonstrated 100% results for the 11th consecutive year since 2009. We are proud of their achievements as your children walk out of our school with pride. We wish and pray that they may all continue to shine in society in all the days to come.

When it comes to family life, everyone strives to figure out how the relationship between parents and children can become ideal. **Positive parenting techniques work well for raising children with discipline and good moral values and are every parent's dream.** However, it is not an easy feat. **And it is important to know that the parent-child relationship is a two-way street, in other words, it is actually a partnership between a parent and their child.** A garden with different flowers becomes beautiful when it blossoms. Similarly, if parents learn how to be a 'gardener' and are able to recognize their child's personality and nourish it, then their 'garden' will become fragrant! This is what positive parenting is all about!

As we reopened the school after the summer vacation on 7th June, a number of activities and blessings have been showered. So here we tried to bring out the activities of June and July for your perusal and seek encouragement and blessings. Kindly take your time to read through the publication.

Principal  
Fr. Kanikkai Jeyraj, c.s.c.

## TBSE Madhyamic Result 2021 – 2022:

Another year of 100% excellent board results for our class X students. We deeply and dearly congratulate all the passed-out 70 students and appreciate all our teachers who consecutively work hard for their success.

| TBSE MADHYAMIK RESULT: 2021-22 |    |                       |      |
|--------------------------------|----|-----------------------|------|
| TOTAL NO OF STUDENTS APPEARED  | 70 | TOTAL PASS PERCENTAGE | 100% |
| TOTAL NO OF STUDENTS PASSED    | 70 | DISTINCTION           | 14   |
|                                |    | 1st DIVISION          | 46   |
|                                |    | 2nd DIVISION          | 10   |

**07th June: WELCOME TO THE NEW TEACHERS:**

Change in any walk of life is interesting and enticing. As we reopened the school after the summer vacation, four new teachers namely Br. Antony, Ms.Sneha, Ms.Lalkhawngaihi and Mr.Prasanta Malakar joined our teaching faculty. They were all gladly welcomed by the staff and students in the assembly. We wish them the best of luck and God's blessings.

Br. Antony

Ms.Sneha

Ms.Lalkhawngaihi

Mr.Prasanta

**13th June: FACULTY MEET:**

Coming together with a purpose enhances our joy and commitment. So it was our monthly periodical meeting with the teaching staff to take stock of the happening and to plan for the following month. For the enhancement of the teaching-learning process, it was decided to have the Head of the Department (HOD) for each subject and they will all work directly under the supervision of the headmistress.

**17th June: TREE PLANTATION:**

We all have one and only common home and that is this earth. So caring for our common home, is the need and necessity of our modern time. Each of us consume 9.5 ton oxygen, so we need to plant more trees. So to create awareness and interest, tree plantation day was organized and saplings were given to all class leaders and teachers. Students prepared and presented a colorful dance programme on Van Mahotsav.

Mr.Vignesh IFS, DFO of North Tripura graced the occasion and encouraged the students to care for nature and plant trees.

**20th June: FATHERS DAY:**

Every one of us needs Protection and Provisions for our survival in our families. This is always possible through the dedication and hard work of the FATHER figure in our own family. So in appreciation of their service and sacrifice; all the male staff members were acknowledged with flowers by the students.

**24th June: FIRST UNIT TEST BEGINS:**

Periodical revision and tests are part of the educational system. So, the first unit test for all students was conducted and all earnestly and seriously participated in it.

**04th July : PEACE CLUB MEET & MOCK DRILL:**

Peace and safety are the need of the hour. Animator from Agartala came to animate the session for the students of class VIII on the topic of 'Peace & Gender'. It was well animated and participated by our students. As per the requisition of the DEO, all students' mock drill was conducted and the pictures were sent to the office of the DEO.

**05th July: JUNIOR MATHEMATICAL OLYMPIAD:**

It was a proud moment when three of our students namely- Sanjoy Ram Karmakar, Srishty Das and Satarshi Datta of Class X, won the 3rd, 4th and 6th position respectively in mathematical Olympiad conducted in the district level. Our senior teacher Mr. Dipankar accompanied our students to this award-giving ceremony. We gladly congratulate our students and appreciate our Maths teachers for preparing our students effectively.

**22nd July: SHUBRATO CUP:**

An inter-school football tournament "SHUBRATO CUP" was organised in Panisagar. Though we received the invitation at the last moment, our students were very eager to participate in this program but lost in the penalty shootout. However, we appreciate their enthusiasm and participation.

**25th July: DEATH ANNIVERSARY OF Fr. VICTOR:**

In death, our life gets changed and not ended. Fr. Victor who made his last journey 22 years back from our school was attacked by the underground on his way near Balukcherra. We prayed and paid homage to his departed soul. His last drop of blood on this soil has been a blessing with Peace for all.

**Student's Corner****INTERNATIONAL MOON DAY:**

On 20th July 1969, the world watched two men doing something incredible. Neil Armstrong and Buzz Aldrin became the first humans to walk on the moon. This year, on 20 July 2022, relieve the excitement of NASA's Apollo Moon landings and look to the future with International Moon Day.

In the coming years, there will be a dramatic increase in the number of missions going to the moon. Leading to NASA's Artemis 3 mission to land humans on the moon for the first time was in 1972. As more explorers from different countries and organisations converge on the Moon, a Moon village will naturally develop, via global 'top down' events and local 'bottom up' events. International Moon Day celebrates the Moon as a venue for peaceful exploration and global collaboration.

In 2017, the Moon Village Association was created to foster the implementation of the Moon Village concept. It proposed International Moon Day to the United Nations Committee on the peaceful uses of Outer Space. The day was subsequently approved by the UN General Assembly on 09th December 2021. This year, the theme of International Moon Day will be 'Lunar Exploration Coordination and Sustainability.'

**KHARCHI PUJA:**

Kharchi Puja is a festival where the 14 Gods that comprise the dynastic deity of the Tripura community are worshipped in the state of Tripura in North East India. The rituals are observed for a week in the temple dedicated to the 14 Gods which is located in the temple in the state's capital city of Agartala. The festival is celebrated on the 08th day of the new moon in the month of July and it can also sometimes fall in the month of June or August.

However, it is celebrated by both the Tribal and the Non-tribal communities. According to the mythology behind the festival, the earth mother or mother goddess menstruates during this time, which is called Ama Pechi or Amba Bachi. Kharchi Puja is celebrated to ritualistically clean out the earth after her menstruation is over.

A wide variety of sweets are offered as "Prasad". A magnificent fair is organised where cultural programmes are conducted all through the day. Thousands of people take part in this festival. Last four weeks, a public holiday is declared by the government for one day in honour of this festival.

**RAINY SEASON:**

The Rainy Season, also known as the monsoon season begins in the middle of June and continues up to early September. It is the time when most of the rainfall occurs; the sky is generally cloudy throughout the season.

The rain showers bring much relief to men and animals. The rain cools the air and temperature drops making the weather extremely pleasant. There is more greenery around us during this season as flora and fauna thrive. Also, optimal rainfall is crucial for cultivation.

However, excess rainfall characterized by heavy showers damages crops and sometimes leads to loss of lives. Uncontrollable rainfall can cause floods and river water levels to surge dramatically. During this season, we get the chance to enjoy many delicious fruits like Litchi, Peaches, Pomegranate, etc. these fruits are best known to boost immunity and taste heavenly. Diseases and infections are commonly associated with this season as stagnant rainwater provides a breeding ground for various diseases like dengue and malaria.
